
Areas of Responsibility

~ Bio-Safety
~ Food Sanitation
~ Pool Sanitation
~ Vector Control
~ Drinking Water Quality
~ Indoor Air Quality
~ Medical Surveillance
~ Respiratory Protection
~ Noise and Hearing Protection
~ Lighting and Vision Protection
~ Personal Protective Clothing and Equipment
~ DEA Controlled Substances
~ Fume Hood Certification

Areas of Responsibility

~ Injury and Illness Prevention Program
~ Safety Surveys
~ Emergency Preparedness
~ Ergonomics
~ Fire and Life Safety
~ Architectural Barriers
~ Accident Investigation
~ Industrial Safety
~ OSHA Compliance

Areas of Responsibility

~ Hazardous Waste Management
~ Biohazardous Waste Management
~ Hazardous Materials Management
~ Hazardous Materials Spill Response
~ Hazard Awareness and Communication
~ Chemical Hygiene Plan
~ PCB Electrical Equipment
~ Industrial Wastewater Control (sewer)
~ Stormwater Discharge Response
~ Risk Assessment
~ Underground Storage Tank Compliance

Areas of Responsibility

~ Laboratory Use of Radioisotopes
~ Instrument Calibrations
~ Personnel Dosimetry
~ Radioactive Waste Management
~ X-ray Machine Eval.
~ Laser Safety
~ Emergency Response
~ Safety Training

Areas of Responsibility

~ Program Coordination: Lead and Asbestos Management
~ Environmental Sampling
~ Exposure Monitoring (area/personal)
~ Construction Document and Work Order Review
~ Design Planning
~ Building Inspections
~ Air Pollution Control and Permitting
~ Hazard Assessment
~Asbestos Awareness Training and Notification
~ Stormwater Compliance
